CAREER SUMMARY

Computer Science Engineering Graduate with hands-on experience as a Software Engineer Trainee, seeking opportunities in software development. Skilled in building responsive web applications using React.js and JavaScript, with exposure to full-stack development involving Node.js and Express.js.

EXPERIENCE

Practomind Solutions LLP

Software Engineer Trainee

2026

Bhubaneswar, India

- Developed and optimized **responsive web interfaces** using React.js and JavaScript, ensuring a consistent, mobile-first user experience across all devices and screen sizes.
- Integrated frontend components with RESTful backend APIs, implementing **efficient state management** and resolving cross-stack bugs to maintain smooth end-to-end functionality.
- Contributed to **multi-role web applications** (admin and user dashboards), handling UI development, feature additions, and targeted performance improvements.
- Collaborated with team members on bug fixing, code reviews, and iterative feature delivery, improving overall **application reliability and user experience**.
